Practice Operations Management Improvement Seminar

Level I

Register and Reserve Your Place!

NACHC is pleased to offer the Health Center Practice Operations Management Improvement Seminar. Working in cooperation with the Bureau of Primary Health Care, we were excited to offer two Practice Operations Management trainings in 2011.

Designed for Health Center Chief Operating Officers, Executive Management, Other Managers, Front Desk Staff and Board members, this innovative seminar will provide clear strategies to maximize the productivity and resources of their health center. Participants will find out the answers to questions related to improving customer service in a health center and will also learn about the power of patient-staff interactions. Attendees are provided with a comprehensive view of systems that are successful for health centers.

In addition, participants who attend this training will learn new methods on how to improve your health center's reporting system.

Participant's attending this training will:

- Obtain a comprehensive view of systems that result in success for the center and the patients.
- Find out the answers to questions related to improving customer service in a health center.
- Learn about the power of patient-staff interactions and health center processes and systems that affect the patient experience.
- Review critical functions staff and management should consider to increase the effectiveness of front desk operations.
- Earn 14 CEUs for attending the seminar.
- Learn the best practice for operational efficiency in a health center setting.

National Association of Community Health Centers
Practice Operations Management Improvement Seminar

DAY 1

- 7:30 am Registration and Continental Breakfast
- 8:30 am **Appointment Scheduling For Success**
A health center's scheduling system can either be a facilitator of practice, productivity, or an obstacle to patients' access. This session will provide attendees with a comprehensive view of systems that result in success for the center and the patients. What's best for your health center? Capacity issues, intermittent schedules, open access, special clinics, and many other issues explored!
- 10:00 am Break
- 10:15 am **Appointment Scheduling For Success (Con't)**
- 11:30 am Break
- 11:45 am **Improving Customer Service in a Health Center**
What are the principles of customer service? Who are our customers? What are the organizational benefits to excellent service? How do we plan for and implement a customer service plan? Hear the answer to these and other important questions in this session.
- 12:30 pm Sponsored Lunch
- 1:30 pm **Improving Customer Service in a Health Center (Con't)**
- 2:30 pm Break
- 2:45 pm **How to Improve The Patient Experience**
Have you taken a walk in your patients' shoes lately? Learn about the power of patient-staff interactions and health center processes and systems that affect the patient experience. Leave this session with an action plan for improving your patients' experience.
- 4:00 pm Break
- 4:15 pm **How to Improve The Patient Experience (Con't)**
- 5:00 pm Adjourn Day One

DAY 2

- 7:30 am Registration and Continental Breakfast
- 8:30 am **Reporting on Operations in a Health Center**
Health center managers can no longer make decisions based on perceptions or instinct. What data is needed on a regular basis for decision-making? What bench-marks should be established, reported and measured? What is the approach for taking action when performance is not meeting expectations? Attend this session to learn about how to answer these questions and improve your reporting system.
- 10:00 am Break
- 10:15 am **Perfecting Front Office Operations**
Front desk operations represent one of the first impressions made on patients and guests who might be prospective patients. Front office staff determine the number of patients seen, how quickly they're seen, if they're likely to return, and when and how much is paid for the visit. This session will review critical functions staff and management should consider to increase the effectiveness of front desk operations.
- 11:30 pm Break
- 11:45 pm **Perfecting Front Office Operations (Con't)**
- 12:30 pm Sponsored Lunch
- 1:30 pm **Perfecting Front Office Operations (Con't)**
- 2:30 pm Break
- 2:45 pm **Improving Operational Efficiency & Productivity**
What is the best practice for operational efficiency in a health center setting? Involved are clinic hours, full exam rooms, efficient providers and staff, medical records management, staff training and clear directives, commitment by management, feedback and reporting, and much more. This session will examine aspects of infrastructure components that influence operational efficiency and productivity.
- 4:15 pm Adjourn Seminar
