

## New Jersey

Number (Percent) of Responding Health Centers\*: 10 (63%)

### Acquisition and Use of Electronic Health Information

Percent reporting that they **submit claims electronically**:

- 90% Yes
- 10% No
- 0% Don't Know

Percent reporting that they **use Electronic Medical Records (EMRs)**:

- 0% Yes, all electronic
- 20% Yes, part paper and part electronic
- 80% No

Percent reporting that they **plan to install a new EMR system or replace the current system** within the next 3 years:

- 80% Yes
- 10% No
- 10% Maybe
- 0% Don't Know

Percent reporting that have **more than one primary care delivery site**: 100%

Of these, percent reporting the capacity their other sites have on average:

- Less capacity than primary site: 40%
- About the same capacity: 60%
- Greater capacity: 0%

Percent reporting that they maintain any **disease-specific patient registries** (e.g., depression, diabetes, asthma): 78%

Percent reporting that they maintain any patient registries as part of HRSA's **Health Disparities Collaboratives**: 100%

### Barriers to Adopting Electronic Medical Records (EMRs)

Respondents Rate the <b>Importance of Select Barriers</b> to Implementing an EMR at Their Health Center	<b>Not at all Important</b>	<b>Somewhat Important</b>	<b>Important</b>	<b>Very Important</b>
Unable to integrate the EMR with practice's billing/claims submission system	13%	25%	25%	38%
Added value of EMR does not justify investment	25%	38%	25%	13%
Lack of capital to invest in EMR	11%	0%	33%	56%
Lack of support from physicians	44%	11%	0%	44%
Lack of support from non-physician providers	33%	22%	44%	0%
Inability to evaluate, compare, and select the appropriate EMR system	11%	56%	22%	11%
Currently available software does not meet the health center's needs	33%	22%	11%	33%
Concern about loss of productivity or income during transition to the EMR system	11%	33%	33%	22%

## New Jersey

### Health Information Technology Planning & Staffing

Percent reporting that they have a **dedicated health information technology staff person or Chief Information Officer**:

89% Yes  
11% No  
0% Don't Know

Percent reporting that they utilize the following **additional information systems** or computer support staff:<sup>^</sup>

A network: 60%  
Contractual arrangements: 50%  
Larger organizational structure:<sup>#</sup> 20%  
None of the above: 10%

Reported role of <b>health center's governing board</b> in implementing an EMR: <sup>^</sup>	Percent Reporting
Approved a budget for implementation of an EMR	30%
Approved/ assisted with the development of a strategic plan for health IT/EMR	30%
Established a board workgroup on health center information technology issues	0%
Identified or approved network partners for HIT	10%
Had/has one or more representatives serving on a regional health information organization (RHIO) or similar health information technology organization <sup>†</sup>	20%
Initiated efforts to highlight health information technology adoption at the health center	10%

#### About the 2006 Survey of Health Center Use of Electronic Health Information

The National Association of Community Health Centers, Harvard Medical School/MGH, and George Washington University conducted and funded this survey, with additional survey assistance from faculty at Yale University. Executive Directors of all federally-funded health centers in 2004 (N=914) received the survey by mail and email, and data were collected from March through May 2006. National response rate is 79.5%. Data in this fact sheet are based on available responses. The maximum percent of responses nationwide that were missing for questions on barriers was 6.9%, and 1.7% for any other question. The final report is forthcoming. For more information, email [healthit@nachc.com](mailto:healthit@nachc.com).

Note: Responses may not total 100% due to rounding.

\* Based on the number of federally-funded health centers in 2004. For more recent information, see [www.nachc.com/research/ssbysdat.asp](http://www.nachc.com/research/ssbysdat.asp).

<sup>^</sup> Health centers may select all that apply and therefore responses do not total 100%.

<sup>#</sup> I.e., affiliate medical center, university, or health department.

<sup>†</sup> In some states, the Primary Care Association may be an active participant in a RHIO or state-wide initiative promoting health information exchange.
